SAFETY DATA SHEET

1. Identification
   Product identifier: MULTEMP PS No.2
   Recommended use of the chemical and restrictions on use:
   Lubricating grease
   Manufacturer
   Name: KYODO YUSHI CO., LTD.
   Address: 2-2-30, Tsujido Kandai, Fujisawa-Shi, Kanagawa, Japan
   TEL: +81-466-33-3157
   Emergency phone number: +81-466-33-3157

2. Hazards identification
   GHS Classification
   Physical Hazards: Classification not possible
   Health Hazards
   Acute toxicity - Oral: Not classified
   Environment Hazards: Classification not possible
   OSHA Defined Hazards: (Pyrophoric gas, Simple asphyxiant, Combustible dust): Classification not possible
   GHS Labeling Elements
   Symbol: Not applicable.
   Signal Word: Not applicable.
   Hazard Statements: Not applicable.
   Precautionary Statements
   Prevention: Not applicable.
   Response: Not applicable.
   Storage: Not applicable.
   Disposal:
   (P501) Disposal should be in accordance with applicable regional, national and local laws and regulations.
   Hazards Not Otherwise Classified(HNOC)
   • Not applicable.

3. Composition/ information on ingredients
   Formula: Not applicable.

   Components:
<table>
<thead>
<tr>
<th>Component</th>
<th>Contents(%)</th>
</tr>
</thead>
<tbody>
<tr>
<td>Base oil(Synthetic hydrocarbon oil, synthetic ester oil)</td>
<td>80-90</td>
</tr>
<tr>
<td>Thickener(Lithium soap)</td>
<td>10-20</td>
</tr>
<tr>
<td>Additive(s)</td>
<td>&lt; 5</td>
</tr>
</tbody>
</table>

   Hazardous Ingredients:
   None present.
See Section 8 for exposure limits (if applicable).
See Section 15 for legal controlled substance (if applicable).

4. First-aid measures
   Eye Contact:
   • Immediately flush with water for at least 15 minutes. Get medical attention.
   Skin Contact:
   • Thoroughly remove with cloth or paper and wash carefully with soap and water.
   Inhalation:
   • Remove the victim from the contamination to fresh air. Cover the victim in a blanket to keep warm and quiet. Consult a physician.
   Ingestion:
   • Do not induce vomiting. Immediate consult a physician.
   Notes to Physicians:
   • Supportive care. Treatment based on judgment of the physician in response to reactions of the patient.

5. Fire-fighting measures
   Flammable Limits: No data available.
   Autoignition Temperature: No data available.
   Extinguishing Media:
   • Foam, dry chemical, CO2, dry sand.
   Unsuitable Extinguishing Media:
   • Do not use water. Water can be dangerous possibly leading to fire spread.
   Specific Hazards with Regard to Fire-fighting:
   • Thermal decomposition and combustion may produce carbon monoxide and/or carbon dioxide.
   Specific Methods of Fire-fighting:
   • In the early stages of fire, use dry chemical, CO2, dry sand, etc. fire-extinguisher.
   • In case of massive fire, use foam fire-extinguisher to shut off the air supply.
   • Get all persons to safety. Authorized personnel only at the fire site.
   Protection of Firefighters:
   • Fire-fighters should wear protective equipment.
   • Start fire fighting from the windward side.

6. Accidental release measures
   Personal Precautions:
   • Wear protective equipment during cleanup work.
   Environmental Precautions:
   • Prevent spills from entering sewers or waterway.
   Methods for Clean-Up:
   • Collect spillage into a chemical waste container with a cover for disposal. For small spills, wipe off with a solvent (e.g., kerosene).
   Prevention of Secondary Hazards:
   • Immediately shut off all sources of ignition.
7. Handling and storage

Handling

Technical Measures:
・ Handle the product in a well-ventilated place. Do not leak, flood or scatter the product to prevent unwanted evaporation.

Precautions:
・ Contact with eye may cause irritation. Use protective glasses to avoid contact with eyes.
・ Contact with skin may cause irritation. Use protective gloves to avoid skin contact.
・ Do not swallow. (Drinking the product may cause diarrhea and vomiting.)
・ Close container after each use.

Precautions for Safe Handling:
・ Wear gloves to avoid injury on hands at opening the container.

Storage

Appropriate Storage Conditions:
・ Keep container closed to protect from dust/water ingress after use.
・ Store in a cool, dry place, away from direct sunlight, heat source and fire.
・ Keep out of reach of children.

Safe Packaging Materials:
・ Do not expose empty container to pressure.
・ Do not weld, heat, drill or cut container. Residue ignition and explosion hazards.

8. Exposure controls/personal protection

Exposure Guidelines
ACGIH
・ Not listed.

Engineering Controls:
・ When vapor or mist exhales, install an apparatus to close the vapor/mist source or ventilation equipment.

Protective Equipment

Respiratory Protection:
・ Wear a gas mask for organic gas when needed (not necessary under normal conditions).

Hand Protection:
・ Wear oil-resistant protective gloves in case of prolonged and/or repeated skin contact.

Eye Protection:
・ Wear chemical safety goggles whenever the product splashes.

Skin and Body Protection:
・ Wear long-sleeved oil-resistant working clothes whenever handling for many hours and/or getting wet. Immediately take off the wet clothes and thoroughly wash them before reusing.

9. Physical and chemical properties

Appearance
Form: Semi-solid
Color: White
Odor: Slight odor
pH: Not applicable.
Melting point: No data available.
Flash point: 215°C (Seta)
Vapor pressure: No data available.
Solubility in water: Insoluble in water
Vapor density: No data available.
Density: 0.91 (25°C) g/cm³
Partition coefficient: n-octanol/water: No data available.
Viscosity: Not applicable.
Dropping point: 195°C

10. **Stability and reactivity**
   Reactivity, Conditions to avoid:
   • Avoid contact with strong oxidant.
   Chemical Stability:
   • Product is stable under normal conditions.
   Possibility of Hazardous Reactions:
   • Not available.
   Materials to avoid:
   • Strong oxidizers.
   Hazardous Decomposition Products:
   • This material is expected to be stable under normal conditions of use.

11. **Toxicological information**
   Information on the likely routes of exposure: Not applicable.
   Delayed and immediate effects and also chronic effects from short- and long-term exposure
   Acute toxicity - Oral:
   • Not classified based on the category of each ingredient or the product properties.
   Acute toxicity - Dermal: No data available.
   Acute toxicity - Inhalation (Gases): No data available.
   Acute toxicity - Inhalation (Vapors): No data available.
   Acute toxicity - Inhalation (Dusts and mists): No data available.
   Skin corrosion/irritation: No data available.
   Eye damage/irritation: No data available.
   Sensitization - Respiratory: No data available.
   Sensitization - Skin: No data available.
   Germ cell mutagenicity: No data available.
   Carcinogenicity: No data available.
   Toxic to reproduction: No data available.
   Effects on or via lactation: No data available.
   Specific target organ toxicity (Single exposure):
   • No data available.
   Specific target organ toxicity (Repeated exposure):
   • No data available.
   Aspiration hazard: No data available.
   Other Toxicity Information
   NTP Report on Carcinogens: Not listed.
   IARC Monographs: Not listed.
12. Ecological information

Ecotoxicity
- Hazardous to the aquatic environment (Acute hazard): No data available.
- Hazardous to the aquatic environment (Long-term hazard): No data available.

Persistence and Degradability: No data available.
Bioaccumulative potential: No data available.
Mobility in soil: No data available.
Hazardous to the ozone layer: No data available.

13. Disposal considerations

Waste Residues:
- Properly dispose of in accordance with any relevant regulations.
- Properly dispose of by a licensed waste disposer.
- No dumping.
- When burning, be sure to do so on someone’s watch in a safe place and in the way that burning and/or explosion will never pose a potential hazard.

Contaminated Packaging:
- Dispose of container after completely removing the contents.

14. Transport information

DOT Hazardous Materials: Not applicable.
UN Transport of Dangerous Goods
- UN Number: Not applicable.
- UN Proper Shipping Name: Not applicable.
- Transport Hazard Class: Not applicable.
- Packing Group: Not applicable.

Land (RID/ADR): Not applicable.
Sea (IMO/IMDG): Not applicable.
Air (ICAO/IATA): Not applicable.
Specific Precautionary Transport Measures and Conditions:
- Contains combustible liquid. Keep fire away.
- Handle with care to prevent container damage.
- Ensure proper packaging before shipping to avoid load shifting and falling accident.

15. Regulatory information

Regulatory information with regard to this product in your country or your region should be examined by your own responsibility.

US TSCA (Toxic Substances Control Act):
All components of this product are listed on the TSCA inventory of Chemical Substances.

US OSHA (Occupational Safety and Health Act):
This product is not hazardous according to the OSHA Hazard Communication Standard, 29 CFR 1910.1200.

US CERCLA
(Comprehensive Environmental Release, Compensation & Liability Act):
CERCLA Hazardous Substances: None
US SARA (Superfund Amendment & Reauthorization Act ) Title III:
SARA Extremely Hazardous Substances (302): None

SARA Hazard Categories (311/312): None

SARA Toxic Release Inventory (TRI) (313): None

16. Other Information

NFPA
Health hazards: 1
Flammability: 1
Instability: 0
Special Hazard: -
